About MarathonSkills 2015

Marathon Skills is a running festival held every year in a different part of the world. There can be three events: a Full Marathon, Half Marathon and a Fun Run - so the festival caters to all abilities and experience.

In past years, marathons have been held in Osaka, Japan (2014); Leipzig, Germany (2013); Hanoi, Vietnam (2012) and York, England (2011).

This year, Marathon Skills is very excited to be partnering with São Paulo, Brazil to put on the biggest running festival yet. Brazil's financial centre and the biggest city in South America, São Paulo will be on display to the thousands of runners who will weave their way past skyscrapers, green parks and magnificent architecture.

This festival has attracted a record number of runners from all over the world. Attention will be on the contingents from Kenya and Jamaica as we hope to see Dawit Admasu's 2014 São Silvestre time broken. (The Ethiopian completed the race in 45 minutes 4 seconds.)

The carnival atmosphere promises entertainment for all spectators as well as a party to round off the festivities in Ibirapuera Park.

The events:

- The "Samba" Full Marathon will start at Rua dos Americanos at 6am on 5 September 2015.
- The "Jongo" Half Marathon will start at 7am on 6 September 2015. Runners will depart from near the intersection of Rua Ciniciata Braga and Avenida Brigadeiro Luis Antônio.
- The "Capoeira" 5km Fun Run will start at 3 pm on 6 September 2015. Our fun runners will start from the UNINOVE Memorial.

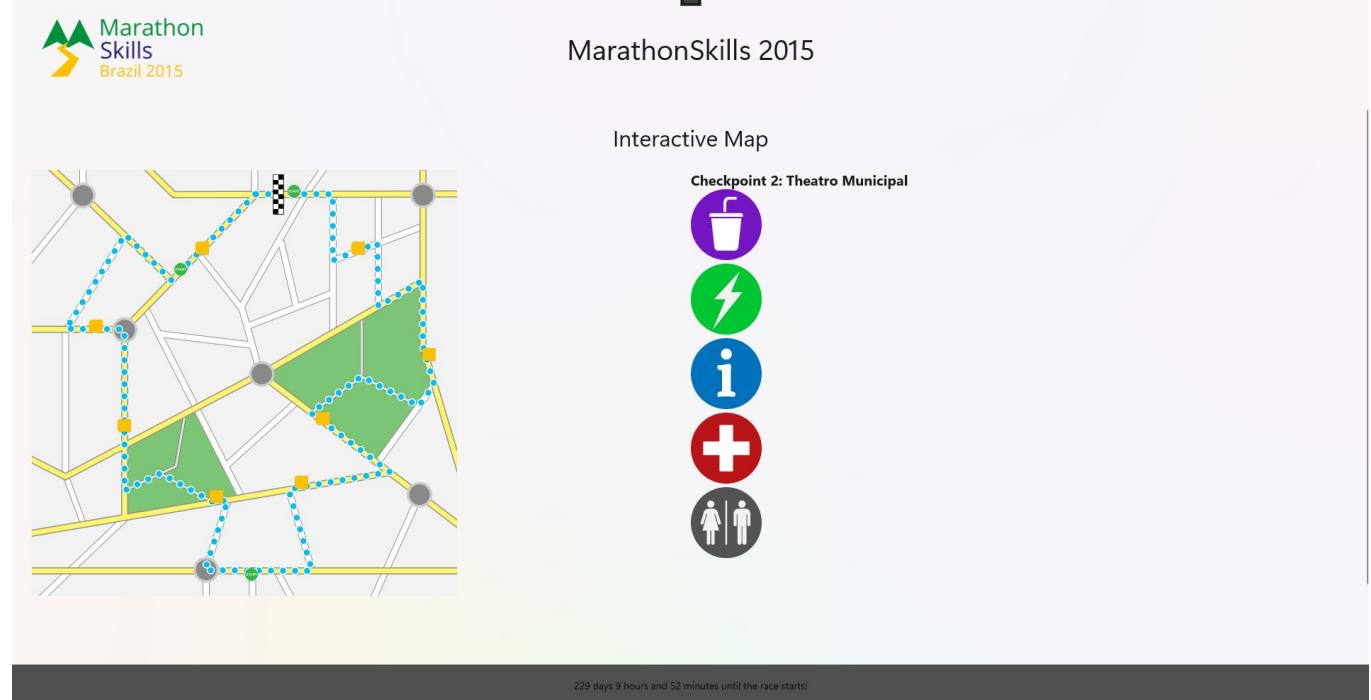

Thank you to all the volunteers who will be helping!

MarathonSkills 2015

BMI calculator

The BMI Index (Body Mass Index) is a simple calculation using a person's height and weight. The BMI is a reliable indicator of body fatness for most people and is used to screen for weight categories that may lead to health problems.

Height: cm

Weight: kg

Category: Normal weight (Value: 20,76)

Underweight: BMI 18,5 or smaller
Normal weight: BMI between 18,5 and 24,9
Overweight: BMI between 25 and 29,9
Obesity: BMI 30 or greater

Arise

Arise supports women and children who have experienced domestic violence, enabling them to rebuild their lives. The impact of domestic violence is far reaching, impacts the whole community and can continue for generations.

For over 20 years, Arise has provided services that include:

- Risk assessments and finding safe accommodation
- Providing information on domestic violence services, legal advice, financial counselling, health services and support groups
- Legal and court support

Support Arise to make a better future for women and children.

You can help save birds that are considered critically endangered and at risk of extinction in the wild.

Edit

Aves do Brasil

The endangered birds include the black-hooded ant wren, the cherry-throated tanager, the fringe-backed fire-eye and the south-eastern rufous-vented ground-cuckoo.

Your donations can help protect Brazil's Cerrado region, a unique savannah area where many at risk species are found.

Edit

CSOI

The Clara Santos Oliveira Institute is a non-governmental, non-profit organisation based in São Paulo. Clara founded the institute in 1986 to provide shelter and education to young people who have been through the juvenile court. Today there are five houses in São Paulo and we want to expand and set up another three by 2020.

CCB

Conquer Cancer - Brazil

Conquer Cancer Brazil (CCB) is dedicated to helping discover the treatments and cures for cancer by funding world class research within Brazil. We raise funds exclusively for research into the prevention, diagnosis and treatments for ALL types of cancer, in centres right across Brazil.

Edit

Help us work to change the lives of millions of people.

Diabetes Brazil is committed to reducing the impact of diabetes through education, early detection and support.
